

## RESOLUTION X – ISRAEL

THEME : CONFLICTS AND INTERNATIONAL SECURITY

CONCERN : FIGHT AGAINST ANTISEMITISM AND TERRORISM

THE GENERAL ASSEMBLY,

Alarmed	by the prevailing climate of antisemitism spreading throughout the world (a 340% increase in antisemitic incidents from 2022 to 2024 according to the Zionist ), generating a climate of fear among our believers without precedent since the Second World War, and by the inaction of the international community in the face of religious intolerance
Recalling	that supporting a Palestinian state constitutes a direct act of antisemitism linked to the rejection of our sacred texts and the fulfillment of our Promised Land.
Deploring	radical Islamist terrorist movements firmly established in our country, in the Middle East, and in Africa, which form a real threat
Deploring	the fact that the Universal Declaration of Human Rights contains no article condemning blasphemy and religious criticism, which are essential elements of antisemitism
Decides	<p>to make the Gaza Strip a new region of Israel ;</p> <ul style="list-style-type: none"><li>- to launch an anti-radical Islamism program in all regions of the Middle East and Africa with the help of our allied states ;</li><li>- to establish a duty of remembrance of October 7th and of the Shoah in education, and to require the ICC to recognize October 7th as a genocide if the cleansing of the Gaza Strip is also recognized as such ;</li><li>- to add a 31st article to the UDHR condemning blasphemy and religious criticism.</li></ul>

*The french text is binding.*
