

RESOLUTION I – NIGERIA

THEME : CONFLICTS AND INTERNATIONAL SECURITY

CONCERN : EFFICIENT FIGHT AGAINST TERRORISM

THE GENERAL ASSEMBLY,

Appalled	by the fact that political, war and religious terrorism is still not eradicated in 2025 despite the huge efforts and amount of money invested,
Alarmed	by the number of deaths caused by terrorism that nearly quadrupled since the beginning of the twenty first century,
Reminding	that in 2024 it's 7'555 humans that were coldly eradicated due to terrorist attack,
Emphasizing	the importance to eradicate not only any form of terrorist acts but also its causes and its consequences
Pointing	with our finger the inefficiency of the current solutions taken that are not dealing with the problem in its globality
Calling	for the attention of every nation world to mobilize themselves and take action in order to eliminate terrorist threat once for all
Decide	<p>to mandate experts from the UN to test in Nigeria a new method of fighting against the terrorist threat that deals with the problem in its globality through a predefined plan organized in three steps ;</p> <ul style="list-style-type: none">- First of all, the physical fight against the threat, secondly, the reduction of inequalities and promotion of hopes and opportunities in order to insert correctly civilians and prevent any drift to terrorism and thirdly, the reconstruction of destroyed facilities and the bringing of help to the suffering victims that are suffering because of the threat which is now exterminated ;- that if this operation is a success, it will be validated by the UN and used in each country that needs it to annihilate every terrorist threat.
